

TALL POPPIES GROUP

IN SCHOOL PROGRAMMES

Inspiring Confidence and Imagination.....that's what we do!

We are delighted to be able to offer our classes to the students at your school. Tall Poppies travels to many schools in the region and we have as many as 300 students who attend our classes every week.

So what do we offer?

Our teacher comes to your school and teaches during the school day. The time is provided by the school, sometimes during lunch time or after school.

Tall Poppies classes are much more the 'just drama'. We provide students with the skills and confidence to communicate in an ever changing world. Strengthening oral language skills and getting enjoyment from sharing information or a performing arts performance.

Our teachers are fully trained in our unique system and they are fully supported in their work through ongoing professional development and training.

Our curriculum covers: Improvisation, Devising Drama, Characterisation and Production Performance

Who would go to a Tall Poppies class?

- A student who is lacking in confidence to speak to others.
- A student who is demonstrating special talents in the performing arts or public speaking
- A student who needs help and guidance to work collaboratively
- A student who needs time to have fun and be creative.

All our programmes work well for special needs students.

How to enroll?

Fill out the form at the end of this information and return to us or to your school office. There will be an open class in the first week of term so your child can come and try out the classes.

Maximum of 12 students per group \$150 per term paid in advance unless otherwise arranged.
